

**UKGCC**  
UK - GHANA CHAMBER of COMMERCE

# WELCOME TO THE UK-GHANA CHAMBER OF COMMERCE

CREATING NETWORKS, CONNECTING BUSINESSES.

Established in 2016, the UK - Ghana Chamber of Commerce (UKGCC) was launched to facilitate and promote the ever increasing need for collaboration between SME's and large multi-national corporations operating in the UK and Ghana.

The UKGCC aims to act as a unique resource made up of local experts and

professionals that will be the voice for British Businesses looking to access and engage with the Ghanaian market whilst providing assistance to the Ghanaian companies investing in the UK. At the heart of the UKGCC we champion the idea of partnerships and enhancing professional relationships between the UK and Ghana with a strong focus on increasing bilateral

trade between the two nations.

The UKGCC provides exceptional support for its members through the sharing of knowledge and ideas whilst hosting various activities designed to build stronger networks that will connect business and create further opportunities.

# WHAT CAN THE UKGCC OFFER?

From the very outset, the UKGCC has put itself at the service of its members by interfacing with the business community to ascertain what members desire in a Chamber of Commerce. By virtue of its mandate, the UKGCC is unique, for there is no other organisation with as broad an appeal to UK companies and with so high a calibre as this. Members will benefit from this prestige and will enjoy a range of services.

## Business Support

Companies investing in Ghana will be advised on how best to navigate the terrain in conformity with the stipulations of the UK Bribery Act 2010.

## Market Research

To assist companies in their investment decision-making process, all members will gain access to bespoke research at a subsidized fee e.g. supply, demand and price dynamics; reputational due diligence.

## Access

The UKGCC will be a platform for a confluence of stakeholders, including high-level public figures to business and opinion leaders.

## Knowledge Sharing

Through tailored workshops, seminars, webinars and newsletters, the UKGCC will bring members together to equip them with relevant and topical knowledge in relation to their business operations.

# UKGCC AND THE DIT A PARTNERSHIP THAT WORKS FOR YOU

As part of the UKGCC the greatest benefit is growing your network and having immediate access to resources, experts and information that will see your business make drastic strides forward that will be profitable.

Department for  
International Trade

**You won't just be a part of UKGCC but the Department for International Trade (DIT) too.**

The UKGCC is a proud affiliate of the Department for International Trade (DIT) organisation, a highly prestigious and government backed business that alone boasts many benefits and services that will all be accessible to UKGCC members.

## A FEW WORDS FROM THE DIT

Doing business in another country can be a challenge, so it's good to know that the DIT is there to help you succeed. Through a range of unique services, including participation at selected trade fairs, overseas missions and providing bespoke market intelligence, DIT can help you crack foreign markets and quickly get to grips with regulations and business practices overseas.

DIT works closely with banks, supporting their offering to small and medium sized businesses. Furthermore, we also aim to improve professional relationships for each of our clients whilst offering tangible benefits through a wide range of services.

We also provide professional support to a bank's Relationship Manager on complex export issues, calling on the expertise of our in-country teams where necessary. Our work is complementary to, though separate from, that of UK Export Finance. Why should a company work with the DIT? On average, businesses achieve an extra £100,000 in revenue within 18 months of working with the DIT.

# FOUNDING MEMBERS

Our founders were instrumental in the setting up of the UK-Ghana Chamber of Commerce. Barclays bank has been in Ghana for over 100 years. Vivo energy is the owner of the Shell brand in West Africa. G4S is the largest private security company in Ghana. Hogan Lovells

is one of the largest firms in the UK and has a deep focus on Africa. Vodafone is one of the largest telecommunications firms in the world. Atuabo Freeport is on track to construct a private owned free zones port. By offering both their time and resources,

the Chamber has gotten off to a strong start, representing the interests of its members and supporting British firms looking to do business in Ghana and the wider West African region.
